TWO DOOR
PIZZA PREP TABLE

Cool *"air over"* raised pan rail design

Full length, heavy-duty 5/8" thick cutting board is included.

Exterior cabinet construction consists of full stainless steel front and sides.

Solid door construction with foamed-in-place recessed handle.

1/3 size clear Lexan pans included.

Large fan motors and blades for more efficient air flow ensuring faster temp recovery times.

Efficient condensate hot gas loop built into condensate pan for energy saving evaporation of excess condensate water.

Self contained capillary tube system using environmentally friendly R290 Hydrocarbon gas.

Vaulted self closing doors that remain open at 90 degrees.

Magnetic door gaskets are removable and replaceable without tools.

Interior cabinet is bright white ABS liner with full stainless steel floor with coved corners.

Electronic thermostat with external digital LED display for accurate control and easy reading.

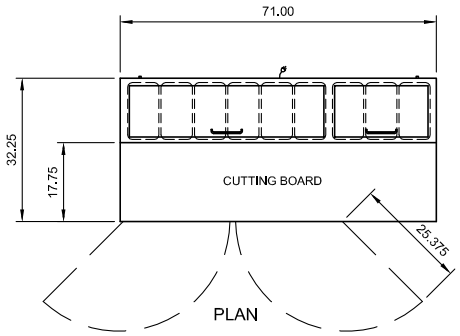

Easy to mount plate casters (two locking) are standard with all units.

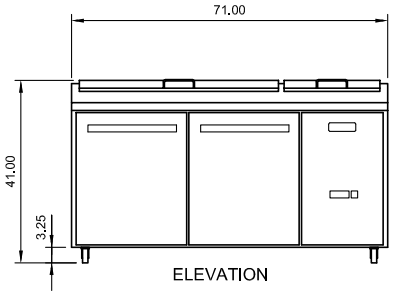

- Tested to NSF Standard 7 requirements for open food storage.
- Standard with full two year parts and labor warranties and a five year compressor warranty.
