REFRIGERATOR

SINGLE DOOR
REACH-IN REFRIGERATOR

Electronic thermostat with external digital LED display for accurate control and easy reading.

Interior cabinet is bright white aluminum liner with full stainless steel floor with coved corners.

Three adjustable, heavy-duty expoxy coated wire shelves.

Self-contained capillary tube system using environmentally friendly R290 Hydrocarbon gas.

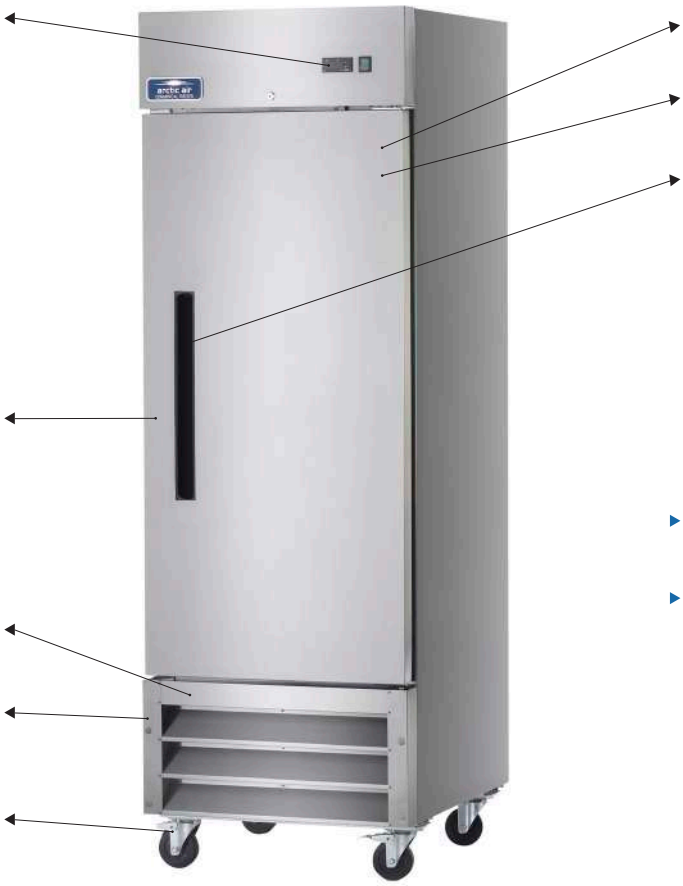

Exterior cabinet construction consists of full stainless steel front and sides.

Efficient condensate hot gas loop built into condensate pan for energy saving evaporation of excess condensate water.

Bottom mounted compressor for more efficient operation in coolest area of kitchen.

Front accessible, bottom mounted condensing unit is mounted on slide out rack for easy maintenance.

Easy to mount plate casters (two lockable) are standard with all units.

Vaulted self closing doors that remain open at 90 degrees.

Magnetic door gasket is removable and replaceable without tools.

Field reversible, lockable door with foamed-in-place recessed handle.

Larger fan motors and blades for more efficient air flow ensuring faster recovery times.

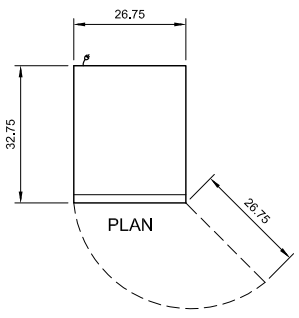

Unit holds full size sheet pans front to back. Optional (#64900K) S/S Pan Slide rack can be added but won't hold sheet pans longer than 25 ¾. Some field install is required.

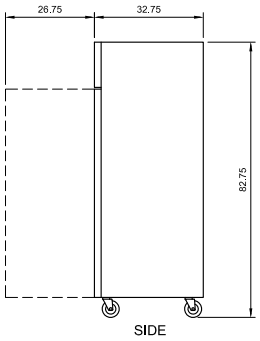

- Tested to NSF Standard 7 requirements for open food storage.
- Standard with full two year parts and labor warranties and a five year compressor warranty.
