## Sandwich / Salad Unit - Drawers

*Food Prep Tables  
 Super Deluxe Series*

**Model : TST-28SD-D2**

- Each drawer accommodates  
 up to 6" deep sixth (1/6) size pans  
 (drawer pans not included)

**Self-Cleaning  
 Condenser**

**NO MAINTENANCE REQUIRED**

### FEATURES & BENEFITS

#### Self-cleaning condenser device Only at Turbo Air

The accumulation of dust in the condenser causes the failure or breakdown of refrigerators. Refrigerators run normally until they reach a certain level of accumulation. At some point, when they are over the limit, their performance drops quickly resulting in damage to, or disposal of the stored products in refrigerators. The self-cleaning condenser device keeps the condenser clean and prevents system failure by automatically brushing daily.

#### Stainless steel cabinet construction

The Turbo Air Super Deluxe model boasts a stainless steel interior and exterior (galvanized steel back & bottom). It guarantees the utmost in cleanliness and long product life. The Super Deluxe can add a touch of style to the most refined setting.

#### Efficient refrigeration system

Turbo Air's solid door refrigerators are designed with oversized and balanced (CFC Free R-134A) refrigeration systems. These include efficient evaporators and condensers for faster cooling and greater efficiency.

#### 9-1/2" deep, 1/2" thick cutting board included with convenient side rail

#### Insulated pan cover

#### High-density polyurethane insulation

The entire cabinet structure and solid doors are foamed-in-place high density, CFC free polyurethane insulation.

#### Refrigerator holds 33°F ~ 39°F for the best in food preservation
